Kids shouldn't be the only ones getting all the summer camp fun this summer. **The Horse Shoe Farm**, near Asheville, North Carolina has launched a summer camp package just for adults. The Escapes Package is ideal for those parents dropping off the little ones at one of the nearby sleep away camps this summer, or for those couple who just need a few days to let loose.

Onsite everything is taken care of from indulgent spa treatments to evening bonfires and s'mores, yoga classes, healthy menu options, and wellness offerings. The package helps parents take a break from adulting while they relax on the 85-acre riverfront estate in the highland sf the Blue Ridge Mountains. The property also features eight deluxe homes and cottages, a spa, a meditative labyrinth, river sports, farm animals, stables, fishing, biking trails, a game room, and more. Guests can also head out to explore the nearby Downtown Hendersonville or Asheville.
