HENDERSONVILLE, N.C., March 5, 2019 /PRNewswire/ -- **The Horse Shoe Farm** was recently transformed by the **Turchin Family** into an iconic riverfront farm retreat set on 85 acres in the Blue Ridge Mountains of North Carolina. Officially opened its doors in October 2018 for guests looking to experience the magic of this sanctuary. With a combination of cozy cottages and expansive manors, staying here, whether for an escape or as part of a group, has the feel of being on a private farm, but with five-star amenities and nuances for spiritual wellness.

**Inside the Lodgings** There are two five-bedroom and one three-bedroom luxury vacation homes, three three-bedroom cottages and one one-bedroom loft in total available for booking individually or combined. Each has its own special charm with fully equipped kitchens and outdoor space with vast views of the beautiful landscape. Rates start at \$250 per night for the one-bedroom loft and go upwards in price to \$2,000 a night for the Magnolia Manor, which has five-bedrooms, five-baths and 4,800 sq. ft. of living space. With a total of 22 guestrooms and 18.5 baths, **The Horse Shoe Farm** sleeps up to **50 guests**, and can be rented in its entirety starting at \$6,000 per night, making it the perfect choice for an intimate wedding, family gathering or corporate retreat.

**The Horse Shoe Farm** is also well loved by pets. Dogs are invited to stay [except for The Stable House and The Farmhouse Loft] for an additional fee of \$150, limited to one dog per house.

**Spiritual Wellness** The Horse Shoe Farm goes one step further, and inspires guests to take the time for introspection and personal growth. A complimentary, make-your-own juice bar with locally sourced ingredients is available with a breakfast of breads, jams and fruits as a nod to the Turchin family belief that starting off with fresh juice sets the tone for a happy and healthy day. Guests are urged to head to The Silo, a transformed space for contemplation, meditation, journaling, and reading or just to breathe. The walls of the space are filled with motivational messages from past visitors, where guests are invited to leave their own mark if so inclined. Going beyond the typical treatments, **The Stable Spa** offers immersive experiences such as vibration healing sessions, inner guidance sessions and sound baths that will have guests grounded in serenity.
